

## Russian language studies with a corporate internship in Russia

AMBergh Education provides Russian language studies combined with internships of 2-6 months with multinational corporations in the St. Petersburg and Moscow regions and in certain cases other locations in Russia and Ukraine.

The program is primarily designed for:

- Business students specialized in accounting, corporate finance, taxation and marketing
- Law students specialized in international law and tax
- Engineering students specialized in production and logistics

Strong English skills and ability to communicate in basic Russian are prerequisites.

For more information about our educational programs, visit us online at:

<http://www.russian-in-russia.com>. The internship will be planned and arranged based on the student's background, experience, preferences, and the internships available.

We will help the student with the following:

- Planning of studies and internship and regular contact while you are in Russia
- Invitation for visa
- Accommodation, usually in a family home
- Meeting upon arrival to Russia

### About St Petersburg international companies

The presence of foreign companies in Saint Petersburg's economy is concentrated in the following areas:

- manufacturing industry: multinational companies with large factories in Saint Petersburg and Leningrad region
- telecommunications/IT/software: support, outsourcing, research
- consulting: legal services, financial services, auditing
- banking services: branch offices of large foreign banks
- logistics: transport, stocks
- trade companies

The most solid foreign investments are made in the construction and development of manufacturing facilities for the companies with multinational profile, which predominantly produce food, tobacco, electrical appliances, automotive components and cars.

The infrastructure was developed for the needs of industrial foreign companies: legal services, financial consulting, banking services, logistics provided by international law companies, banks and transportation companies.
